

Personal introduction

Name: Přemysl Beran

Alias: PREMEK

Origin: Czech Republic

Institution: Nuclear Physics Institute

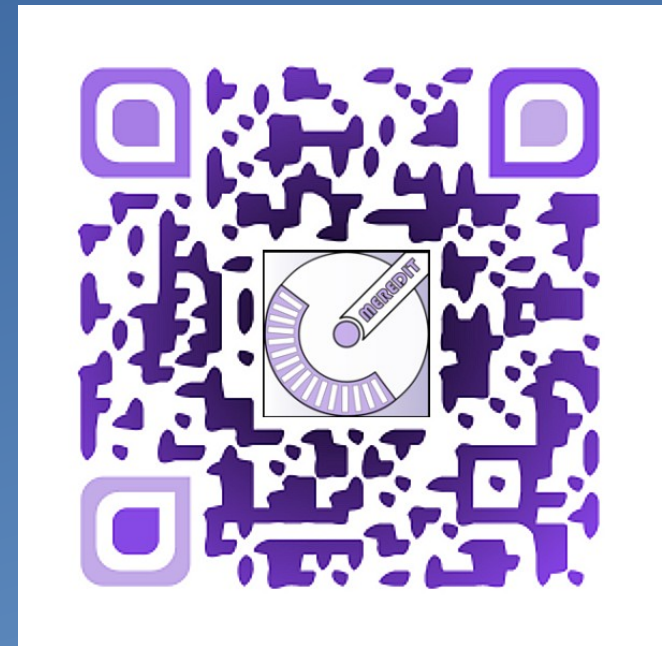

Academy of Sciences CR

Řež near Prague

Work introduction

- Research scientist
- Responsible for instrument MEREDIT
 - Neutron powder diffractometer
 - Operating on LVR15 reactor
 - Available via user program
- Skills
 - Data analysis
 - Structural refinement
 - Magnetic structure evaluation and refinement
 - Software development
 - Sample environment development

Why SoNS?

Why SoNS?

To get THE ANSWER of live,
universe and everything.

Why SoNS?

- Leading scientist on the BEER instrument
 - Instrument will be build at the ESS
 - Dedicated to the material and engineering research
- Expectations
 - Overview on how to build an instrument
 - Management skills introduction
 - Budget and costing handling
 - Discussion with colleagues in the field

Why SoNS?
